

EXECUTIVE SUMMARY: CYBER RISK ASSESSMENT FOR JEDEM E-COMMERCE PLATFORM

1. Our Crown Jewels:

- Customer personal data (names, addresses, emails, phone numbers)
- Payment information (credit/debit card data, transaction histories)
- E-commerce platform backend (databases, APIs, application logic)
- Intellectual property (product catalogs, pricing algorithms, vendor data)
- Operational systems (order fulfillment, logistics integrations, inventory systems)
- Brand reputation and customer trust

These assets represent the core value of the organization. Any compromise would have significant operational, financial, legal, and reputational impacts. The following assessment outlines the top risks threatening these assets, and the required investments to protect them.

2. Key Risks Identified

• Data Breach (Customer & Payment Data)

Risk Level: Medium

Likelihood: Medium - secure transmission reduces exposure.

Impact: High - data loss would damage operations, trust, and brand reputation.

• Application Exploits (SQLi, XSS, API Abuse)

Risk Level: High

Likelihood: Medium - application-layer attacks are widespread.

Impact: High - compromise of application integrity and data.

• **Misuse & Non-Compliance**

Risk Level: Low

Likelihood: Low — policies and frameworks reduce exposure.

Impact: Medium — operational disruptions possible but limited.

3. Recommended Controls & Estimated Implementation Costs

Risk	Controls	Estimated Cost	Timeline (In Months)
Data Breach	• Encryption • Zero Trust • MFA & Access Controls • DLP, IDS/IPS, SIEM • Backups & IR Plan	\$60,000	3
Application Exploits	• Web Application Firewall • Input Sanitization • SSL • CSP • Monitoring & Patch Mgmt	\$40,000	2
Misuse & Non-Compliance	• Policies & Awareness • Firewalls & Secure Protocols • Auditing & Alerting • Incident Procedures	\$15,000	1

4. Implementation Outlook

The combined roadmap spans 3–6 months, prioritizing high-impact risks first. All controls align with industry best practices (NIST, ISO 27001) and strengthen the company’s security posture while protecting our crown-jewel assets.
